

Deadbolt & Lever Lock DL210A

Shepherd 210 Fingerprint Deadbolt Lever Locks

Keys are lost or forgotten, but your fingerprints are always with you. The award winning DL210A Fingerprint Identification lock with a fingerprint sensing lock that remembers up to 50 users by fingerprint image. This lock comes with deadbolt lockset as well as lever combined into one unit. It is a self-contained unit that requires no external wiring or computer and runs for over a year on 6 AA batteries.

Two levels of users allow managers to control and delegate authority. Individual fingerprints can be added or deleted at the door by supervisors. Five selectable thresholds allow optimization of security and convenience. Attractive design with sliding dust cover blends the DL210A into a decor. Easy installation as replacement lock requires no additional holes. Templates are provided for installation onto new doors.
